

Best Practices 2018-19

1. Conduct of Seminars, Conferences, Extramural Talks, and Study Tours 2018-19

The aim of education is to create better human beings in all aspects with values, wisdom and knowledge for his seminars are the best platforms to learn new aspects, others perspectives and latest information. As a good way of networking, seminars develop confidence and professionalism.

Tulasi Women's College always aims at an all around development of the student of the students. In order to develop their conceptual skill and knowledge and a better insight into the subjects, seminar have been arranged regularly in this college. National seminars, state level seminar and Extramural talks have been organized successfully by almost all the departments of Tulasi Women's College. Resource persons from different Universities from all over the country have been invited as resource persons who contribute information and opinions to the students providing them with new knowledge resources and skills of their respective fields. Thus the students get the unique possibility of getting practical experience in developing necessary skills, implementing values in their own development but also in the progress of the society and the nation thereby.

To develop the learning ability of the students different types of exams are being conducted the Tulasi Women's College. Exams help every teacher to understand the mental capacity of the students and to rectify their shortcomings. Except the University exams, pre-mid, post-mid and Midterms are being conducted for the graduation students by the college. Every year some students are scared of the midterm and semesters and even were scared by the results. So pre-mid is very necessary for the students. After the pre-mid the students who secure less marks than other students taken wore care. They are provided remedial classes. So they can feel free to try new kinds of questions. Then kid-terms are conducted near the middle of any given semester. It measures the student's grasp of the course materials and identify areas that need work. After that post-midterm is conducted before the final exam to finally assess how far the learners have progressed in the subjects.

For Academic success and career advancement, faculties in Tulasi Women's College provide an opportunity for students to learn about the scholarly characteristics and individual career goals. These seminars and workshops has worked miraculously in developing the creative and critical thinking and promoting their skills and positive attitudes towards scholarship and seeking knowledge.

2. Social Extension Activities and Inclusiveness 2018-2019

Extension activities help in increasing productivity, enhancing skills and abilities, focusing on growth and future development of any institution. As an advanced educational institution Tulasi womens college has adopted many social extension activities enhancing the qualitative status of not only the college but also of the society fulfilling the social obligations.

To raise the standard of living of the rural people and to create awareness among them, the college has organized many awareness programmes to combat malnutrition, health awareness programme for adolescent girls on dental care and other awareness programmes on vigilance week on prevention of dowry to save water on beti bachao beti padhao, how to avoid junk food and on swatchata in collaboration with IQAC, YRC and NSS unit of the college.

In order to sensitize the students to the social issues and to motivate them towards community services, observations of important days, such as National girl child day, International yoga day, Rally on aids day, National sports day, surgical strike day have also been organized in the college.

The other awareness programmes on impact of social networking on students financial literacy programme, circular economy for productivity and sustainability programme like “Hum badlenge apna bharat”, “ swatchata hi seva” have also been held successfully by IQAC in collaboration with YRC and NSS.
