NATIONAL MATHEMATICS DAY- 2022

Name of the Department: MATHEMATICS

Events: National Mathematics Day-2022

Venue: Hall No-23

Date: 22.12.2022

REPORTS:

The National Mathematics Day was observed by the department of Mathematics at 2.30PM on 22.12.2022 in Tulasi Women's College to commemorate the priceless contributions of Srinivas Ramanujan, the great mathematician of India, on the occasion of his birth anniversary. A meeting, under the chairmanship of Dr. Pramilarani Behera, Principal of the college was held which was attended by faculty members and students of the different department of the college. Prof. Nibedita Nayak, Lecturer in Mathematics gave a brief introduction on the relevance of the ceremony and discussed on multi-various applications of Mathematics not only in the field of advanced studies and research but also in day to day life. The Principal and other speakers talked on several career opportunities based on Mathematics and Applied Mathematics. Miss Shubhasmita Swain a student of final degree Mathematics honours spoke on the role of Mathematics in the age of information technology and its application in all fields of science and technology. The meeting continued for one and half hours. All the faculties and students present in the meeting unanimously decided to launch Mathematical literacy programmes in the neighboring primary schools. The meeting ended with a vote of thanks proposed by Sj. Rajendra Kumar Sahoo, Lecturer in Mathematics.
